IIRSI Gold medal award: 2004

Prof. T. Gopinath Menon Gold Medal Oration award: 2004

Dr.M.M.Joshi Oration Award: 2011

Karnataka Shreshtha Manava RathnaShree award: 2011

Kempegowda award: 2012

Dr.Vinod Arora Ora-

tion Award: 2012

Dr.P.N.Srinivasa Rao Memorial Oration Award: 2012

Miss Smitha Albal Oration Award: 2014

Trinity Vaidya Ratna Award: 2014

Prof Lahane Oration lecture Award: 2015

Dr. Satanshu Mathur Oration Award: AKOIN, 2016

Dr Sinha Oration Award: 2016

Dr. Jatin Shah Award for Excellence: 2<sup>nd</sup> International Conference of ISMSICS, CCC-2017

Apart from these awards, he has to his credit many scientific papers, presentations, and chapters in various books. His innovative techniques in Cataract Surgery and Operation Theatre Protocols are already well known to the world of Ophthalmology.

He has a vast experi-

ence of performing lots of surgeries and this volume speaks in his knowledge and practical application in clinical as well as non-clinical aspects of Ophthalmology. He proudly specializes in his self-developed techniques of Manual SICS, which the readers can witness in the videos included in this journal.

Apart from this, he is an excellent guide and a teacher. He is a noble soul, who is always ready to help his colleagues, juniors, and patients. He has designed his OPD's and the Operation Theatres in such a patient friendly manner, that it was a treat to be at his place. His guidelines for OT's and Protocols for its functioning are par excellence, repeatable and very adaptable.

We wish him the best of health and happiness in all his future endeavors.

Dr. M.S. Ravindra being honored with Dr. Jatin Shah Award for Excellence at CCC-2017

## CCC-2017 Report

The International Society of Manual Small Incision Cataract Surgeons (ISMSICS) jointly with Aravind Eye Hospital, organized the 2nd World Conference on MSICS at ITC Grand Chola, Chennai, Tamil Nadu, India. The event was held on the 1st, 2nd and 3rd of December 2017. The pre-conference workshop was held on 1st of Dec, 2017 at newly inaugurated Aravind Eye Hospital, Chennai. The dedicated Aravind team left no stone unturned in making excellent arrangements. Pre conference symposia were followed by live surgical demonstration by Phaco and SICS masters. The main conference was held on the 2nd and 3rd of Dec, 2017 at ITC Grand Chola.

The 2nd World Conference of MSICS had the whole gamut of cataract surgery from patient selection, pre-operative preparation, instrumentation, various surgical techniques, postoperative care and ways & means to manage surgical complications. Expert cataract surgeons from across the globe shared their experiences. Some of the

key note addresses on SICS were delivered by masters in Phacoemulsification. The conference was full of multiple, simple take home messages which could be implemented in day to day practice from the next day onwards. This was the largest benefit of CCC-2017, was the feeling voiced by many delegates. All the proceedings of the conferences were recorded and the videos will be available soon on the web as well as in the subsequent issues of this journal.

Another major attraction of the conference was Surgical Skill Training Courses and Wet labs arranged in Aravind Eye Hospital as well as in ITC Grand Chola. HelpMeSee had organized SICS Simulators at both the places where a novice could operate without 'heart in the mouth'.

Four overseas ophthalmic societies and nine ophthalmic societies from India partnered this event.

The 3<sup>rd</sup> World Conference of ISMSICS will be organized jointly with Disha Eye Hospitals in Kolkata in

2019 and the 4th World Conference of ISMSICS will be organized jointly with PGIMER at Chandigarh in 2021.
